EDITORIAL

Over a year has elapsed since the last issue of the Western Stampgroper. I apologise for this but if I do not receive any articles then I am unable to produce a magazine that is full of interesting articles. All articles in this issue have been produced from other articles that I have published or intend to publish. This means that the majority will be related to what I am interested in and hope that you are too. If you wish me to continue to produce the Western Stampgroper then I need your assistance with articles that would interest other Western Australian exhibitors.

You will notice that in 2017 the WAPC has selected another venue for the Swan River Stamp Show and would welcome your support as an entrant or at least an attendee at the new venue. The Council sees this as a step forward in continuing the SRSS with a better and brighter venue as changes to the University Venue had become a little cramped due to the addition of extra physical booths. It means however that the Auctions will have to be held in the same room as everything else as there is not a separate room large enough to hold either the viewing or the actual auction. Anyway with your support I am sure that we can make the venue suitable to our needs.

This issue will be available online now that we have the website back up and running.

Please contact me at rosswood@bigpond.com with any changes to the club list and any activities that are going on.

The WAPC has introduced a series of workshops at Philatelic House which are held on the second Saturday of each month. This is a hands on workshop that covers how to get your collection of stamps and philatelic covers out of the stockbook/hagner sheets onto display pages or album sheets so that you can show your collection at clubs and enter competitions. This commenced in February 2017 and the next workshop is on Saturday 13th May, 2017.

If you really wish to enter Swan River Stamp Show this year as an exhibitor a training course will be conducted at Philatelic House on Sunday 18th June, 2017. This will cover all the rules that

you need to know if you wish to enter SRSS this year from Club Class to multi-frame. If interested in this please let me know as there is no cost but I need to know the numbers of participants so that I have the correct number of copies of the information and do not have to make extra copies on the day.

On the front cover I have displayed the back of a block of chocolate that was available at the Melbourne 2017 Stamp and Postcard Exhibition cancelled with one of the Pictorial Postmarks during the exhibition. If you had been physically supporting the exhibition you would have had a taste of the chocolate sold from the Australia Post Stand at the exhibition.

Rod Kantor was also awarded a Special Prize and Felicitations for his Modern entry Zimbabwe Inflation of the 21st Century 2002-2010.

It was an excellent Exhibition with many volunteers from Western Australia including George Morris and his wife, Glen Stafford (bus driver) and wife Johanna and yours truly for the whole exhibition as well as assistance from Mike Kouwen and Bruce Haynes. On the judging team were Glen Stafford and Mike Rhodes.

Ross Wood and Hubert Du Guesclin also entered Royalpex, non competitive exhibition to mark the 125th Anniversary of the Founding of the Royal Philatelic Society of Victoria. Each were presented with a Medal and Certificate.

I was disappointed to hear the negative feedback on the Melbourne Exhibition. I am aware that there were problems due to the space between the frames, poor lighting and in some cases (not mine) bad judging.

One has to remember that this was an International exhibition (the 34th FIAP exhibition) and as Australia Post only supports International exhibitions (no longer funds them) there was a need to hold it at a cheaper venue than the centre of the city as was the case with Melbourne 2013.

I hope those that are spreading negative comments supported the exhibition and volunteered to help during the exhibition. If not please support the next one as it is important for organised philately that we continue to hold National and International Exhibitions in Australia and do not resort to holding virtual exhibitions as staying at home and doing it electronically means that we become a much narrower society.
