

VISITING SPEAKERS / GUEST DISPLAY PROGRAM

(as of 4 September 2021)

Listed below are talks and/or displays that can be provided to any clubs seeking to have them at one or more of their meetings throughout the year. As it may be difficult to guarantee a topic or display at SHORT notice, planning ahead is recommended.

The list is divided into groups, with each grouping belonging to one speaker. The speaker's name or initials only (if security is of concern) are included. An indication as to the length of accompanying talk and size of display may also be attached. A frame is equal to 15 or 16 pages.

If the Club can identify and contact the speakers and organise dates and times etc independently, Council does not need to be consulted. Otherwise, if assistance is required, please contact the Secretary.

If you would like to be involved in this program as a guest speaker and have your details added to this list then please contact the Secretary.

Group 1. Jan Gane (for this group – please arrange access via the Secretary)

- Why I started to collect and what I chose
