**Subject: Proposal for an Annual Philatelic Event in the Northern Suburbs**

Dear PSWA Secretary Mr. Gavin Woodward,

I hope you're doing well.

The **Western Australian Philatelic Council (WAPC)** recently explored the possibility of establishing an **annual philatelic event in the Northern Suburbs**, engaging with the Stirling, Northern Districts, and Wanneroo clubs. After reviewing the distribution of similar events across the greater metropolitan area, we identified a **notable gap in the Northern region**.

**Context & Existing Events:**

- **Southpex** is successfully hosted in Maddington by the Armadale-Kelmscott, Canning & Darling Range clubs.
- **Rockingham, Fremantle, and Mandurah** collaborate on an annual show in Rockingham.
- **PSWA** organizes several well-attended events in South Perth.

Given the success of these regional events, we believe a similar initiative in the **Northern Suburbs** would significantly benefit the philatelic community by:

- **Raising awareness** of local clubs and their activities.
- **Attracting new members** to sustain and grow the hobby.
- **Generating potential revenue** to support club operations.

**Seeking PSWA's Support**

Unfortunately, initial interest from the three Northern clubs was minimal. However, **WAPC remains committed** to seeing an event established in this region and is now reaching out to **PSWA** to gauge your interest in running a trial event in the Northern Suburbs.

With your extensive experience in hosting successful philatelic events, we believe **PSWA is well-positioned** to bring this initiative to life.

- **Financial and logistical support is available:** The WAPC is willing to underwrite the event financially for an initial **three-year period**.
- **Experienced individuals are ready to assist:** Guidance and expertise are not a limiting factor.

If **PSWA is interested**, we would welcome the opportunity to discuss this further and arrange a meeting to explore the next steps.

Please give this proposal serious consideration, as it would be a **valuable addition** to the Western Australian philatelic community. We look forward to your thoughts.

Sincerely,

Glen Stafford

Secretary Western Australian Philatelic Council.
